

Intelligent Network Video Recorder

UHD Decoding

Ultra HD Video Display

- Decoding Capacity: 48ch 1080P
- 8K HDMI

Special Camera Access

- Fisheye camera, splicing camera and other special camera access.
- Support fisheye image dewarping

Multi-Screen Output

Display separately on two monitors

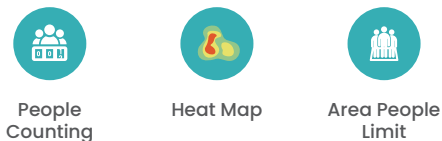

Powerful AI Application

Intelligent Events Management

Optical AI Camera & Thermal AI Camera
Camera settings and event reporting

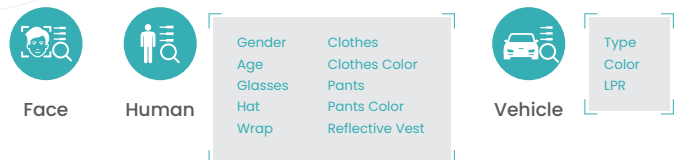

Business Intelligence

Accurate Search

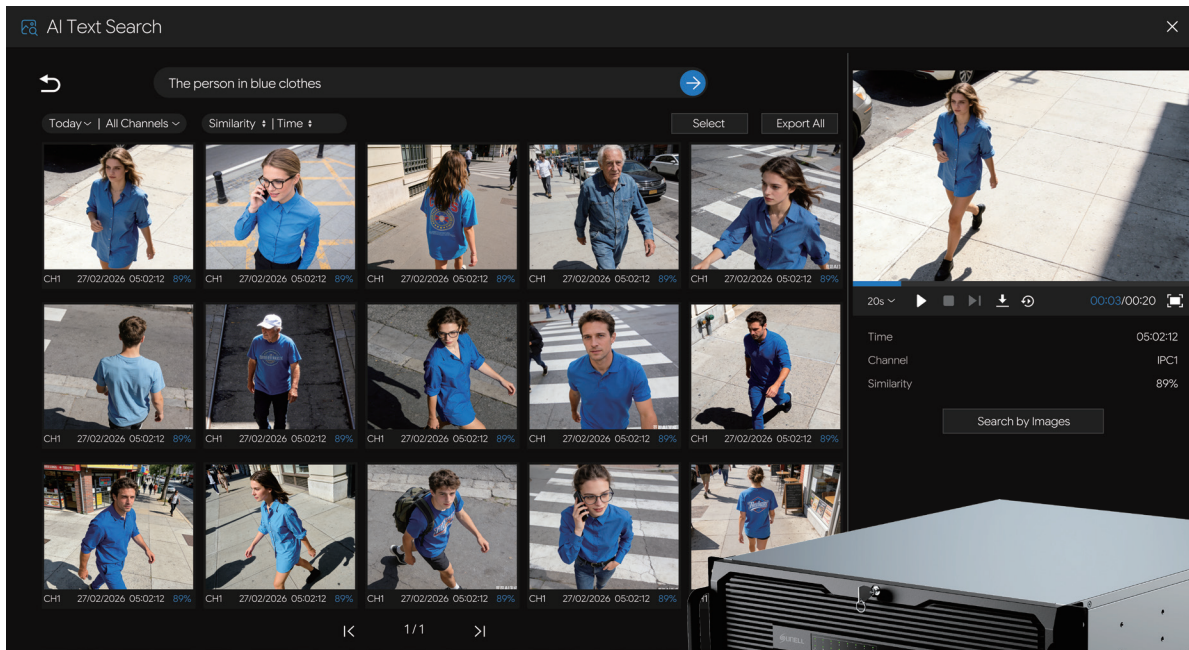

Search by picture, search by feature

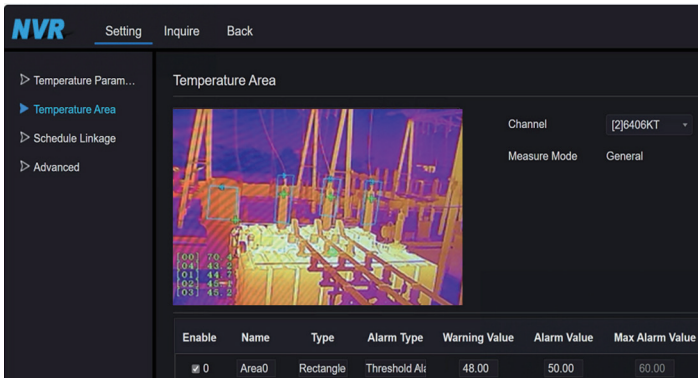

AI Text Search

Powered by VLM technology, search your footage in natural language—like "The person in blue clothes"—and get results instantly.

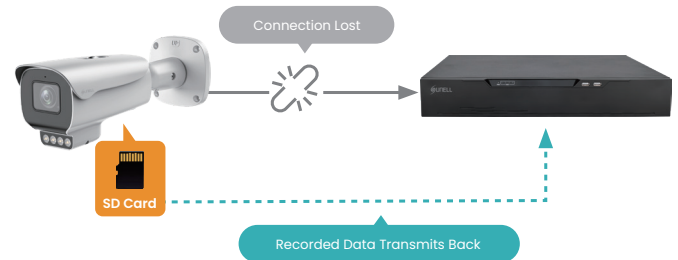

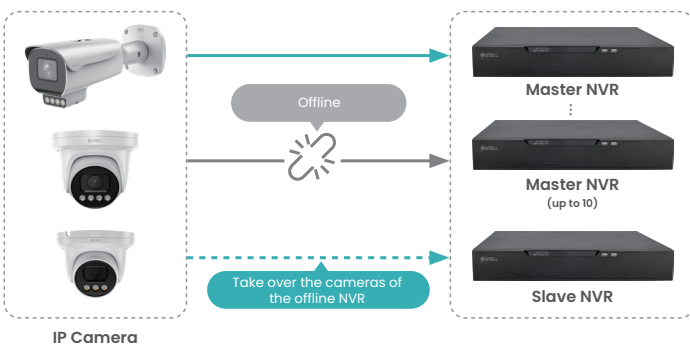

Thermal Temperature Measurement

- Thermal Temperature Measurement Parameters
- Alarm Linkage Configuration
- Temperature Curve

Better Data Security

N+1 Hot Spare

Eliminate the loss of surveillance footage due to equipment failures

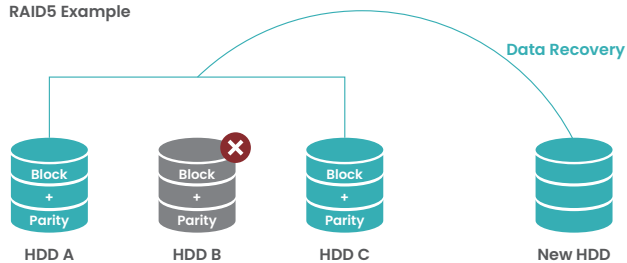

- Ensure 7x24-hour complete and compliant audit data
- Reduce the risk of single points of failure for more worry-free operation and maintenance

ANR (Automatic Network Replenishment)

Network disconnection: SD storage

Network recovery: video recording regain

RAID5 Example

RAID 0, 1, 5, 6, 10

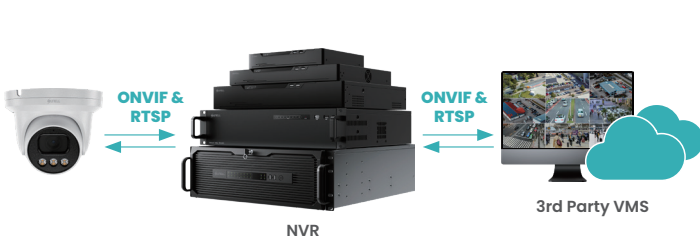

Empowering your data with unmatched security.

Redundant Power Supply

- Load Balance
- Hot-swappable Power Supply
- Power Supply Failure Alarm

Third-party Integration

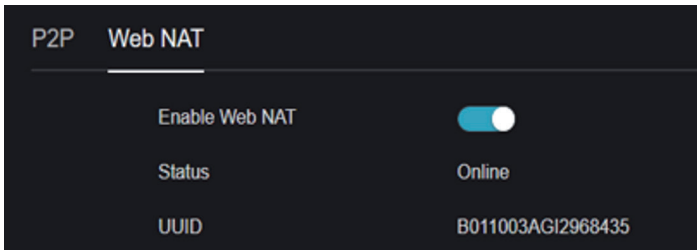

ONVIF & RTSP

Access IP camera and 3rd-party VMS

POS Integration

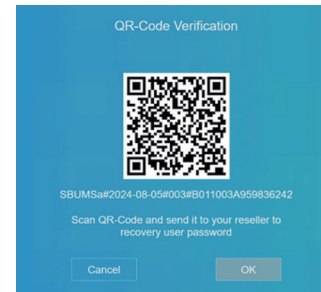

NVR39 Series (Customizable)

Convenient Maintenance

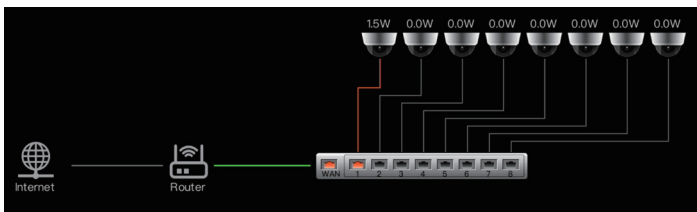

NAT Web Access

Make Remote Monitoring More Comprehensive

Remote Password Retrieval

Send us the QR code shown on the web page
No need to get near the device

PoE Status

Visually show camera status for quick troubleshooting

OTA Upgrade

Automatically detects if a new version of firmware is available

Ultra NVR

SN-NVR3964E16-J
SN-NVR3964E16-C

- 64-ch
- 640Mbps Input, 640Mbps Output
- Decoding Capacity: Up to 48-ch@1080P
- 16 SATA
- FIPS 140-3(-C)
- 4HDMI & IVGA
- Different Source Output: Up to 4 channels
- RAID 0/1/5/6/10
- 1ch Audio In/Out, 24ch Alarm In/8 Out, 4 USB, 2 eSATA, 2 RJ45, 1 RS485, 1 RS232
- 100 - 240 VAC
